River East Transcona
SCHOOL DIVISION
creating student success
GUIDING PRINCIPLES

It is River East Transcona School Division’s (RETSID) responsibility to ensure the physical and emotional safety of all students. Gender identity is a protected ground under the Manitoba Human Rights Code. We want to make sure students of all gender identities and expressions feel safe and welcome in our schools.

“It is unlawful under The Human Rights Code to discriminate against a person in employment, housing or the provision of services [including schools], on the basis of that person’s actual or perceived gender identity, without reasonable cause. It is also unlawful to discriminate against someone based on their association with someone with a particular actual or perceived gender identity, without reasonable cause.”

Source: Manitoba Human Rights Commission Website

PURPOSE

These guidelines support the RETSD Policies ACF—Respect for Human Diversity and AC—Human Rights, ensuring a learning environment that is free from discriminatory practices based on gender identity and gender expression.

These guidelines apply to:

- All employees, students, parents/guardians, trustees, volunteers, and third parties such as in-school child care program employees.
- Situations that occur outside school hours but have an impact on the learning environment of the school.

Guidelines have been designed to raise awareness and help protect against discrimination and harassment and to encourage embracing and learning from diversity and difference. This document is intended to support the transgender and gender diverse students in RETSD. It is important that we recognize that all members of our school communities are entitled to particular supports and protections. This includes students who are transitioning, identify as androgynous, gender creative, gender independent, gender fluid, gender variant, gender diverse, two-spirit, queer, transgender, transsexual or trans*. RETSD recognizes the importance and life-changing role that inclusive educational environments can play in building the personal resilience of transgender students and their families.
**ROLES AND RESPONSIBILITIES**

**The division**—under the leadership of the superintendent, will implement board policy and establish administrative procedures and/or regulations on human diversity practices within RETSD. The division will also provide training and professional learning for teachers and other staff in areas of bullying prevention and human diversity. The division sets the standards for conduct and develops procedures and protocols for addressing unacceptable conduct or discrimination. The division will also determine what reporting and data collection will be undertaken. The division will identify and recognize special days and events related to trans and gender diverse people.

**Principals**—play a leadership role at the school level in promoting safety and acceptance and in ensuring a safe and inclusive school environment. Principals communicate and reinforce expectations of the Respecting Human Diversity policy to teachers and school staff and encourage their participation in professional learning and training on bullying prevention, human diversity and related topics. Principals hold those who disrespect human diversity accountable by following established processes and protocols and maintain appropriate records at the school level.

**Teachers and other staff**—model inclusiveness and respect for human diversity and play a key role in communicating and reinforcing expectations of the Respecting Human Diversity policy to students. They support students on issues of human diversity and empower them to treat each other with dignity and acceptance. Under the legislation teachers and school staffs have an expanded duty to report matters of cyberbullying to the principal, whether it is believed to be happening at school or outside of regular school hours. Participation in professional development and training is essential in ensuring teachers and school staffs have the tools and knowledge they need to deal appropriately and effectively with sensitive student issues regarding bullying prevention and human diversity.

**Students**—have a responsibility to monitor their own interactions and conduct in ways that are respectful and ensure a safe and inclusive school environment, particularly toward those previously identified as being at higher risk for bullying or discrimination.

**Parents and guardians**—play an important role in their children’s understanding and respect for human diversity. Parents have a responsibility to encourage their children to conduct themselves in ways that contribute to a safe and inclusive school environment. Parents also have a personal responsibility to conduct themselves in a way that respects the human diversity policy.

**School community members and groups/volunteers**—are diverse and the contributions they make to schools are valued and encouraged; they have a personal responsibility to conduct themselves in a way that respects the human diversity policy.
PRIVACY/CONFIDENTIALITY

Students within RETSD have a right to privacy regarding their personal information. Someone’s gender identity or gender expression is to be considered private and confidential information and safeguarded appropriately. Staff are not permitted to disclose a student’s gender identity or gender expression status to others unless the student has given written permission or there is a specific situation in which the information must be disclosed.

At times, it may be appropriate for staff to be aware of a student’s transgender status. Where possible, the student is to be allowed to control who is aware of their status. A student’s right to confidentiality is to be strictly maintained at all times.

Staff will disclose a student’s gender identity to others on a “need to know” basis (e.g., to fulfil a specific accommodation request).

Students are encouraged to discuss when, with whom, and how much of their private information they wish to share with others. Staff will offer the student an opportunity to review and/or request deletion of any information relating to gender identity or expression contained in their official records.

Students are encouraged to participate in the education of their classmates at whatever level they are comfortable; however, it is not the transgender person’s responsibility to educate others.

Parental Consent

Students may not have discussed their gender identity or gender expression with their parent(s)/guardian(s)/caregiver(s). Staff will support the student so they feel safe and welcome at school and so they can successfully engage in their education.

When a student makes a request related to their preferred name, gender identity, and/or gender expression and when the student has capacity of consent, parental/guardian consent is not required for students in grades 7 to 12. Parental/guardian consent will be requested for students in kindergarten to Grade 6.

SELF-IDENTIFICATION

A person’s self-identification is the sole measure of their gender. It is not appropriate to question or challenge a student’s gender identity or expression.
NAMES/PRONOUNS

Students have a right to be addressed by a name and pronoun that corresponds to their gender identity or expression. A legal name or gender change is not required, and the student does not need to change their official records for this right to be extended to them.

The intentional or persistent refusal to respect a student’s gender identity or expression may be considered a form of harassment. This does not apply to inadvertent slips or honest mistakes, but it does apply to the intentional and/or persistent refusal to acknowledge or use a student’s preferred name and pronoun.

In the event that the school must contact the parent or guardian of a transgender student, the student will be referred to by their legal name unless the student, parent, or guardian has specified otherwise.

Student Records

Schools are required to maintain a student record with a student’s legal name and sex, as registered under the Vital Statistics Act. Schools will use the student’s legal name on transcripts, CUM files and provincial assessments.

In situations where schools are required by law to use or to report a student’s legal name, sex or gender, schools shall adopt practices to avoid the inadvertent disclosure of such confidential information.

Schools will enter the student’s legal name and preferred name, if any, in the Tyler Student Information System.

The use of a preferred name on the report card is acceptable. Provided the consent of the student has been obtained, a letter to the principal from the parent or guardian is required and is kept on file. If the student is 18 years old or over, a letter from the student requesting the preferred name is required and is kept on file. The principal has discretion in the matter and may reject the request if, for example, the preferred name is deemed to be frivolous or trivial.

Schools will use the student’s preferred name wherever possible (e.g., on class lists, timetables, identification cards, letters home, report cards and high school diplomas), provided this has been requested by a student in grades 7 to 12. Students in kindergarten to Grade 6 must have the consent of their parent or guardian before their preferred name can be used.

Schools will change a student’s official student record to reflect a change in legal name upon receipt of legal documentation that such legal name has been changed.

Schools will change a student’s official student record to reflect a change in gender upon receipt of legal (e.g., birth certificate) or medical documentation that sex has been changed.
**DRESS CODES**
Division and school dress codes should be flexible, gender neutral and in accordance with the division’s Policy JICA—*Student Dress Code*.

**WASHROOM ACCESS**
Students have the right to access the washroom that corresponds to their gender identity or expression at school and during field trips.

Any student who requests increased privacy will be offered accommodations that meet their needs. For example, access to an all-gender single-stall washroom will be provided, where possible. All students have the option to use the all-gender single-stall washroom, but no student will be required to use such a washroom.

Access to single-stall facilities is to be an easy process where the student does not have to draw attention or request a key every time access is needed.

**CHANGE ROOM ACCESS**
Students have a right to participate in physical education classes and team sports in a safe, inclusive, affirming, and respectful environment.

Students have a right to access the change room that corresponds to their gender identity or gender expression.

Any student who requests increased privacy will be offered accommodations that meet their needs. For example, access to an alternate change location will be provided, where possible, but no student will be required to use such a change room.

Other accommodations may include:

a) A private area within a public area (a bathroom stall with a door; an area with a curtain)
b) A separate changing schedule
c) Use of a nearby private area (a washroom, nurse’s office)
d) Access to the change room corresponding to the student’s assigned sex at birth
e) Completing physical education requirements through independent study outside of gym class as allowed under provincial guidelines

**GENDER SEPARATED ACTIVITIES**
Students have a right to participate and compete in a safe, competitive, and respectful environment free of discrimination and harassment. Students participating in gender-separated sports, classes, or
activities have a right to participate in those activities in accordance with their gender identity or expression, regardless of the gender or sex identified in their student record.

Schools will avoid separating students by gender, when possible.

**Sports Team Participation**

Students have a right to participate in any gender-separated recreational and competitive athletic activities that are consistent with their gender identity or expression.

For interscholastic sports at the senior years level, the [MHSAA Transgender Policy](#) will be adhered to.

**Washroom and Change Room Access while Travelling for Competition**

Students have a right to access a washroom or change room that corresponds with their gender identity or expression while travelling outside the school for competition. Schools are responsible for ensuring access to appropriate changing, showering, or bathroom facilities, based on the needs of the student.

If school staff are concerned that facilities at another site are not appropriate, the staff should, in consultation with the student, contact the other site in advance to ensure that the student has access to facilities that are comfortable, safe, and in accordance with the student’s gender identity.

It is important to maintain the student’s confidentiality by not disclosing their gender identity or expression status without their permission.

**Field Trips with Overnight Accommodation**

Students have a right to be housed on school field trips in a manner that is safe, inclusive, affirming, and respectful. Students have the right to supports that meet their individual needs and their privacy, ensuring equal opportunity to participate.

Students who request increased privacy will be offered accommodations that meet their needs. For example, in some cases this may mean offering private accommodations at no extra cost to the student.

School staff will assess requests for accommodation.
CURRICULUM INTEGRATION

RETSD supports all schools and staff in delivering inclusive provincially approved curricula where all members of society are represented.

Health Component in Physical Education Curriculum

The physical education/health education curriculum develops attitudes and behaviours that promote healthy lifestyle practices for lifelong fitness and social-emotional well-being. Sexual health education provides age-appropriate information and maintains an open dialogue that respects individual beliefs. It is sensitive to the diverse needs of Canadians irrespective of their gender, sexual orientation, ethnicity, culture, and religious backgrounds. All people should see themselves represented in what is taught in health class. Teachers will present the range of human diversity, including, but not limited to: a range of bodies, a range of sexes, a range of gender identities and gender expressions, and a range of sexual orientations. Resources are to be developmentally appropriate and selected or updated in order to promote critical thinking and include materials in the health curriculum as approved.

Sexual health education is considered a potentially sensitive outcome within the physical education/health education curriculum provided in grades 2 to 12. Student participation regarding potentially sensitive outcomes in Manitoba schools requires parental approval.

Library Resources

School libraries will strive to have the best and most up-to-date collection of age-appropriate books on sexual orientation and gender identity issues and topics, including a variety of novels, short-story collections, movies, and magazines for youth that are affirming of gender variance. Library materials containing transphobic content should be reviewed for possible removal.

Internet software filters should allow access to age-appropriate sites that contain information on sexual orientation and gender identity and gender expression.

PROFESSIONAL LEARNING

Under RETSD policy and provincial legislation, school division leaders must ensure staff are provided with professional development that increases their capacity to support students on issues regarding all aspects of human diversity, including gender identity and expression.

All RETSD employees are required to complete training in the area of promoting respect for human diversity.

ADVOCACY SUPPORT

Schools will designate a staff person within the school, or be notified of a division employee, who can act in an extended advocacy role or be a “safe contact” for gender diverse students.
STUDENT ACTIVITIES AND ORGANIZATIONS

Students who wish to establish and lead groups or activities that promote respect for human diversity and a positive, inclusive and accepting school environment, must be accommodated as per RETSD policy and provincial legislation.

REQUESTS FOR ACCOMMODATION

It is recognized that specific accommodation requests will be assessed on an individualized basis and accommodations will be offered to meet the needs of the student who is making the request.

A student’s needs may change over time and may be different throughout various contexts (e.g., home, school, peers and community). Accommodations must be flexible and unique to each student and decision making must include the student in a way that is age/developmentally appropriate. An accommodation that works for one student cannot simply be assumed to work for another.

Requests to accommodate specific needs should be made to staff with whom the student feels comfortable. For example, although a student does not need permission to use the washroom that corresponds with the student’s gender identity or expression, they may request a change-room accommodation to address a specific concern.

Any staff approached with a request for accommodation should respond with sensitivity and compassion in a prompt and supportive manner. The principal must be notified.

An accommodation request may come in the form of a verbal request, a written request, or by email communication. The request may come directly from the student or the student's legal guardian(s).

Students and/or parents/guardians are encouraged to put the request in writing.

If staff have concerns about a student’s safety, such as if a student discloses that they may be suicidal, suffering parental abuse, or at risk of hurting themselves or others, staff is legally required to report these incidents to the proper authorities. When reporting incidents to the authorities, staff will comply with the student’s need for confidentiality.

Staff will ensure that the student is referred to a supportive staff member (e.g., school counsellor, “safe contact,” or psychologist) who will determine what further steps are necessary to protect and support the student.

When a student requests that their preferred name, gender identity, and/or gender expression be used, parent/guardian consent will be requested from kindergarten to Grade 6. From grades 7 to 12, if the student has capacity of consent, parent/guardian consent is not required.
RESOLVING CONFLICT

Issues are to be promptly acted upon by school administration. Students and employees must clearly see that there are swift consequences for transphobic or prejudicial behaviour or attitudes.

Complaints alleging discrimination or harassment based on a person’s actual or perceived transgender status or gender identity status must be handled in accordance with RETSD policies and Code of Conduct, and will reference, as necessary, The Canadian Charter of Rights and Freedoms and the Manitoba Human Rights Code. The divisional policies include, but are not limited to, the following:

- Policy AC—Human Rights
- Policy ACF—Respect for Human Diversity
- Policy GBA—Reasonable Accommodation
- Policy GBA-R—Reasonable Accommodation Procedure
- Policy JICDAA—Safe, Caring, and Respectful Schools
- Policy JICDAB—Freedom from Bullying
- Policy KE—Concerns and Complaints
- Policy KE-R—Concerns and Complaints Procedures
DEFINITIONS:

Agender: Without gender. Often used for self-identification by persons who do not identify with or conform to any gender.

Ally: A person, regardless of their sexual orientation, who supports the human, civil, and sexual rights of sexual minorities.

Androgynous: Having female and male characteristics in one.

Binary Gender System: A system that forces all people into only two categories—either men or women, boys or girls. In this system, men and women are expected to look and behave in particular ways that are different from one another.

Biological Sex: The sex assigned at birth based on external genitalia, but also includes internal reproductive structures, chromosomes, hormone levels, and secondary sex characteristics, such as breasts, facial and body hair, and fat distribution.

Cisgender: A gender identity that is congruent with one’s biological sex. The opposite of transgender.

COFAB: An acronym for “coercively assigned female at birth.” Refers to people who were assigned to be female at birth, and raised with a female gender role that does not match their gender identity.

COMAB: An acronym for “coercively assigned male at birth.” Refers to people who were assigned to be male at birth, and raised with a male gender role that does not match their gender identity.

Coming Out: The process of becoming aware of one’s gender identity and/or sexual orientation, and/or telling others about it.

Cross-Dresser: A person who, for various reasons, wears gender atypical clothing. They may or may not self-identify as a cross-dresser. “Cross-dresser” is a word that tends to refer to men with sometimes strong preferences for clothing often worn by women.

Discrimination: An act or decision that treats a person or group differently to their disadvantage on the basis of a protected characteristic. According to the Manitoba Human Rights Code, protected characteristics are: ancestry, nationality, ethnic background, religion or belief, age, sex and sex-determined characteristics, gender identity, sexual orientation, marital or family status, sources of income, political belief, physical or mental disability, and social disadvantage.

Gender: The socially and culturally influenced and constructed classification of masculine and/or feminine. It is not always determined by one’s birth assigned sex. Gender is usually understood to be performative and learned.
Gender Confirmation Surgery: The surgical procedure (or procedures) by which a transgender person’s physical appearance and function of their existing sexual characteristics are altered to resemble that of their identified gender. See Gender Reassignment Surgery.

Gender Creative: Describes individuals who do not follow other people’s ideas or stereotypes about how they should look or act based on the female or male sex they were assigned at birth. See Gender Diverse, Gender Independent, Gender Non-Conforming, and Gender Variant.

Gender Diverse: See Gender Creative.

Gender Dysphoria: Unhappiness or discomfort with the gender role assigned by one’s culture to one’s biological sex. This term is disliked by many transgender and gender diverse people because it implies that there is something wrong with them.

Gender Expression/Presentation: How a person signals a gender identity to other people. Gender expression can include clothing choices, what colours a person wears, hairstyle, jewellery, what scents (if any) a person uses, how a person occupies space, and how a person walks, among other means. Gender expression is not an indication of sexual orientation.

Gender Fluid: A gender identity that is not fixed and changes over time.

Gender Identity: A person’s internal sense or feeling of being male or female, both, neither, or somewhere in-between.

Gender Independent: See Gender Creative.

Gender Incongruence: See Gender Dysphoria.

Gender Non-Conforming: See Gender Creative.

Genderqueer: Describes individuals who perceive their gender to be neither that of a male or female, but outside of the gender binary.

Gender Reassignment Surgery: See Gender Confirmation Surgery.

Gender Variant: See Gender Creative.

GSA: Stands for Gay-Straight Alliance or Gender Sexuality Alliance.

Hir: A pronoun to describe a gender other than male or female; or both male and female.

Human Diversity: All the ways in which human beings are both similar and different. May include, but is not limited to, gender identity, sexual orientation, age, ethnic origin, ancestry, culture, socio-economic status, religion, family status, and mental and physical disability.
**Intersex:** Persons born with both male and female sex attributes. Some persons who are intersex take steps to align their physical appearance with their felt sense of being male or female, including changes to their physical appearance and dress, and medical treatment. The term “hermaphrodite” is considered derogatory.

**LGBTQ:** Stands for Lesbian, Gay, Bisexual, Transgender, Two-Spirit, Queer and Questioning.

**Sex:** The legal and medical categories of male, female and intersex. Usually relates to a person’s primary sex characteristics (genitals).

**Sexual Orientation:** Describes an individual’s sexual, psychological and emotional feelings of attraction towards another person based on their sex and/or gender.

**Trans*: An umbrella term to represent anyone who is transgender, transsexual, androgynous, gender creative, gender independent, gender fluid, gender variant, gender non-conforming, or gender queer.

**Transgender:** A person who does not identify either fully or in part with the gender associated with their birth-assigned sex. Often used as an umbrella term to represent a wide range of non-conforming gender identities and behaviours. Some might identify as transgender their whole life, or just until they feel comfortable in their own body. The term “tranny” is considered derogatory.

**Transition:** The process whereby people change their appearance, bodies (see Gender Confirmation Surgery) and identity documents to match their internal gender identity, while living their lives full time in the gender they know themselves to be. Transition may or may not include medical treatment such as hormone therapy or surgery.

**Transsexual:** An older term describing those who have permanently changed or are taking steps to change their bodies through medical interventions, including but not limited to hormones and/or surgeries. Unlike “transgender,” “transsexual” is not an umbrella term. Many transgender people do not identify as transsexual and prefer the word “transgender.” It is best to ask which term a person prefers. If preferred, use as an adjective: transsexual woman or transsexual man.

**Two-Spirit:** Some Aboriginal people identify themselves as two-spirit rather than bisexual, gay, lesbian, transgender or transsexual. Historically, in many Aboriginal cultures, two-spirit persons were respected leaders and medicine people. Before colonization, two-spirit persons were often accorded special status based upon their unique abilities to understand both male and female perspectives.

**Zhe/Ze/Zer/Zir/They/Them:** A pronoun to describe a gender other than male or female, either male or female, or both male and female.
