

About our centres

Our adult-focused centres are vibrant places of learning staffed by caring teachers and advisors who work with over 500 students annually. We offer day and evening classes at two centres:

- McLeod Adult Learning Centre (located in the McLeod Education Centre, 530 McLeod Ave.)
- Transcona Adult Learning Centre, 130 Regent Ave. E.

If you are 19 or older and want to earn your high school diploma or upgrade your credits so you can move on to further education or better career prospects, we invite you to visit our centres to learn how we can help you achieve your goals.

About our students

Our students are from all walks of life. They come to our adult learning centres knowing they've made a decision that will have a significant impact on their lives.

There are typically three reasons why you might be one of those students:

Manitoba Mature Student High School Diploma

You never completed high school... The mature student high school diploma is a fast-track, eight-credit high school diploma developed by the Province of Manitoba for adults. It features regular high school credits, including Grade 12 English and Mathematics. If you have high school marks from before, certain credits may be carried forward. You may also receive credit through the recognition of prior learning. Did you know that 25 per cent of Manitobans haven't finish high school?

Regular High School Completion

You are within a few credits of achieving a regular 30-credit high school diploma... At our centres, you can get the credits you need to graduate.

Academic Upgrading for Adults

Your career goals have changed since you graduated... Our classes let you prepare for career advancement or post-secondary study. As a graduate, you can take up to four extra high school credit courses with no further cost.

About our classes

We have two semesters – September to January, and February to June, and offer a variety of courses in each. We list what courses are being offered each semester, and their locations and times, on our website at www.retsd.mb.ca/school/adultedu. That's also where you'll find important information about how to register, eligibility and fees.

Here are some things to know about our classes:

Math and English Upgrading

You can start where you are now and prepare quickly for whatever level of math and English skills you need to reach your career goal.

Communication Skills

You can learn the communication, problem-solving and team-building skills demanded by business and industry today.

Career and Education Planning

You can learn more about your own potential and explore career options. Our staff can also assist you in your education planning.

About our fees

There are no course fees if you are working towards completing a high school diploma. If you are a high school graduate, you can take up to four extra credit courses at no cost. After the fourth course, the fee is \$200 per course. All students pay an annual registration fee of \$50.
