

Transcripts and Marks

- Your transcript will be available for pick up from the office following the end of each semester upon request.
- When you have completed your diploma requirements, your final transcript will have a statement to that effect.
- You are issued your diploma at graduation in June.
- To qualify for admission to a post-secondary program before you graduate, you may need a letter from us to say that you are enrolled in the appropriate courses and progressing satisfactorily. We are happy to provide this to you, free of charge. Please ask at the office and leave details about where to send the letter.
