Registered vehicle must be parked in your numbered stall. A parking ticket will result if you park in a different stall or the restricted slanted bus evacuation spots.

Any vehicle parked on the lot without a parking pass risk being ticketed and/or towed.

Parking Passes must be hung from the rear-view mirror with printed side facing out. It is the sole responsibility of the owner of the pass to have it displayed correctly at all times, if it is not the owner of the vehicle will be responsible for any parking tickets issued or for any towing charges.

If you have forgotten your parking pass you must report to the office.

If a pass is lost or missing, please inform the office immediately. A replacement pass will be issued for \$10.00.

Students driving dangerously in the parking lot are at risk of their parking pass being revoked.

Students may not loiter on the parking lot. Once vehicles are parked, students should enter the school.

Students may not sit & smoke in their vehicle.

Parking Passes are NON-REFUNDABLE.

Parking Passes expire at the end of each semester.
