

HONOURS & AWARDS OF RECOGNITION

HONOURS CRITERIA

The Miles Macdonell Honour Roll is calculated at each grade level based on the average of a student's marks in English, Mathematics and the next three (3) highest marks.

Please note these additional criteria:

- The minimum average is 80%.
- Course failures or marks under 60% disqualify students from receiving honours.
- Courses comprised of two (2) half credits are included: the mark forwarded will be the average of the two. For Theory of Knowledge, the Grade 11 and the Grade 12 courses will be combined. Both half credits must be earned.
- Distance Education, Online, Special Language and non-repeater summer school credits may be included.
- IB courses at the 42S level are considered separate courses for the purposes of calculating Honours. For example, English 42SSL IB and English 42SHL IB are different courses and can both be used in the individual calculations.

AWARDS of RECOGNITION CRITERIA

Miles Macdonell Awards of Recognition are determined in each course. International Baccalaureate, French Immersion and Regular courses are identified as separate courses.

- The student with the highest mark in a course will receive the Award of Excellence.
- The student with the second highest mark in a course will receive the Award of Distinction.
- The student with the third highest mark in a course will receive the Award of Merit.

SCHOLARSHIPS and BURSARIES

Grade 12 students can apply for a variety of scholarships and bursaries. For many scholarships, marks are not the only criteria. For example, community service and school leadership are often a requirement. Students should investigate the criteria for scholarships in Grades 10 and 11 in order to meet the requirements in their graduating year.
