Attack of the Vampire Weenies

Reviewer: Presley

Author: David Lubar

Genre: Adventure

This book is filled with excitement from the front to the back. David Lubar has nailed it with his crazy gym teachers and vampire mimes. If you like craziness than you will love this book. It is the best thing since Beetlejuice the movie. The main idea of this book is short creepy stories. There are about 12 amusing stories and they all end with a cliff hanger. The best story of this book is the crazy gym teacher and how your first thoughts about gym are will I survive and how much ice will I need after. This is a perfect book for people who don't understand crazy 40 letter long words. The best thing about this book is that you don't have to commit to it.

Recommendation:

I recommend this book for people who like to get a bit frightened. If you like Beetlejuice than you will love this book. The age range for this book is 8-14 years old.

Rating: This book is 4 out of 5 stars.
