February 9<sup>th</sup>, 2021

Dear parents/guardians/students,

We hope this finds you and your family healthy and staying positive during this unique time. As we move forward in this school year, we are also beginning to plan for the 2021-2022 school year. An important part of this planning involves course selection and registration for the upcoming school year. We understand this is an important time in planning the education of your child and the staff and administration of our Senior Years schools continue to look forward to partnering in your child's senior years education.

Senior Years registration packages for grade 8 students transitioning to Senior Years will be sent to Middle Years schools as of February 10<sup>th</sup>, 2021. To facilitate with course selection, Course Handbooks of each Senior Years School outlining general information, specific program and course descriptions will be posted on each website on February 10<sup>th</sup>. Each Senior Years school will also post a Virtual Open House video on their school website on February 18<sup>th</sup> highlighting the variety of programs offered at each respective high school. Grade 8 students will be asked to submit completed registration packages to their current school no later than March 8<sup>th</sup>, 2021.

This year, the registration process for students returning to a Senior Years School in September of 2021 will be done through an online registration process. Registration will begin on March 1<sup>st</sup>, 2021 and current grade 9-11 students are to complete their online registration no later than March 8<sup>th</sup>, 2021. Please be advised that information pertaining to the process of registering for the 2021-2022 school year online will be posted on each school's website. In addition, teachers and counsellors will provide orientation and information sessions to students at each grade level to assist them in their course selections and in the online registration process.

Attached to this emailed letter you will find a comprehensive Student Registration Guide and video link for support with registration.

We look forward to working with you and your child as they continue their educational journey.

Stay well and thank you for your continued support.

Kind regards,

TC Administration
