April 20, 2020

Over the last several weeks, our city and our world have experienced unprecedented changes.

The COVID-19 pandemic will undoubtedly have long-term consequences for all of us – students and families, schools, businesses and the economy. While students are experiencing a very different school year in 2020, it is still important to help them plan for the future.

In this respect, I need your assistance to spread the word to potential applicants for the Mayor's Scholarship for Community Leadership.

Established in 2016, the Mayor's Scholarship for Community Leadership recognizes and supports high school students who have demonstrated a commitment to improving and strengthening our community. The Mayor's Scholarship was created for grade twelve students who demonstrate community leadership through activities that promote racial and social inclusion, drive reconciliation, encourage environmental stewardship, and support or empower Winnipeg's less fortunate. The Winnipeg Foundation manages the fund for the Mayor's Scholarship, my office manages application intake, and award recipients are selected by an independent selection panel. Scholarship applicants must complete and submit an application form by June 12, 2020. The application form and the application criteria can be found on the Mayor's website:

Please join me in recognizing talented young Winnipeggers who have demonstrated consistent and outstanding dedication to solving a community problem or making our city a better place to live!

Sincerely yours,
