

BOARD PUBLIC RELATIONS AND LIAISONS

The Board of Trustees governs education in the River East Transcona School Division on behalf of the citizens who elect it. From time to time this involves expending monies in support of liaison and public relations activities which acknowledge the importance of certain groups in the community.

A protocol will be developed and approved by the board of trustees that will support these activities within a framework of accountability. The protocol will be administered by the superintendent or designate and reviewed regularly by the board of trustees for currency and completeness.
